Michael,

I don't think there is enough time to update this and get it into an appropriate format for next week. However, we could consider working on a brochure if we better define the intended audience and its intended use.

Julie and Chuck,

Tracy Stiles is initiating some lab display activity for Lab Week. I have attached a pamphlet I put together on my own years ago. Kevin wasn't too excited about it but Ralph Timperi let me display it at a DPH Day at the State House as a poster for a single occasion.

Perhaps an updated text could be used for a new display for Lab Week. Mike
